

Bulk Edit - Set price per unit

With the "Bulk Edit" function, you can set the price per unit for several transactions at once.

Before making any major changes in your account we recommend creating a backup of your account.
You can create a backup here: cointracking.info/backup_trades.php

Be careful with this function, it can overwrite all your trade information!

1

Navigate to cointracking.info/enter_coins.php

2 Click on "Bulk Edit/Delete"

Enter Coins

Enter here all your trades. You can either enter them manually or choose one of the exchange imports.
